

# Apricot Oil Infusion Facial

## Cleanse

Cleanse the skin to remove makeup and impurities Repeat cleanser for a deep clean.

## Exfoliate

Gently exfoliate with chosen product. This removes all the dead skin cells so the following products can be absorbed into the skin.

## Tone

Use your toner to restore Ph balance of the skin and remove any excess exfoliator

## Apricot Oil

Take a small amount of Nutri Rich Apricot Oil warm between the fingers Gently massage all over the face. Place a damp face cloth that has been warmed over the face. The heat allows the oil to penetrate the skin

## Eye Creme

Apply eye creme around the eye area on the orbital bone, with patting motion.

## Moisturise

Finish with your moisturiser all over the face neck and decollatage
